June 14-20, 2026

STRIPED MARLIN TOURNAMENT

ILTTA RULES / 20 LB TACKLE

JUNE 14 – 20, 2026 – CABO SAN LUCAS, MEXICO

STRIPED MARLIN TOURNAMENT
ILTTA RULES / 20 LB TACKLE

FELLOW ANGLERS AND FRIENDS

We are pleased to extend a formal invitation to all ILTTA members to participate in the **85th International Light Tackle Tournament**. This milestone event will be held in **Cabo San Lucas, Baja California Sur, Mexico**, from **June 14–20, 2026**, with official fishing days scheduled for **June 15, 16, 18, and 19**.

Long recognized as one of the world's premier billfish destinations, **Cabo San Lucas** is the perfect stage for ILTTA's return. We have specifically selected this June window to align our **dead-bait trolling format** with favorable seasonal conditions.

The event will be hosted at **Breathless Cabo San Lucas**, where all tournament functions and social events will take place. Daily departures will be from **Marina Fundadores**, located directly in front of the hotel—offering a truly seamless, all-inclusive experience with the fleet just **walking distance** from your room. This will be an **AAA all-inclusive tournament**, designed to deliver a first-class week for teams both on and off the water.

The tournament will primarily focus on **striped marlin**, promising the fast-paced action and competitive scores our members expect. While June precedes the peak season for other billfish, there remains the chance of encountering **sailfish** or an **early-season blue marlin**, adding an extra element of opportunity to the competition.

Cabo's history with ILTTA is proven. During the **2019 ILTTA tournament in Cabo**, **14 teams** released **214 striped marlin** from **287 bites** over **four fishing days**—an average of **5 bites per boat per day**. That performance also represents an outstanding average of **5 marlin releases per angler**.

We look forward to welcoming you to Cabo San Lucas for a week of camaraderie, world-class sportfishing, and the storied traditions of ILTTA. Please do not hesitate to contact us should you require assistance with travel logistics or registration details.

Sincerely,

Eduardo Vaudrecourt S.
85th ILTTA Tournament Chairman

TOURNAMENT CONDITIONS

Format-first timing: Selected to align ILTTA's **dead-bait trolling rules** with the most suitable seasonal conditions in Los Cabos.

Striped marlin opportunity: A week designed around **consistent striped marlin trolling**—the ideal foundation for competitive ILTTA scoring.

Better intel on arrival: Scheduled immediately after the **Pelagic Triple Crown**, providing fresh, real time local fishing intel for the week.
